

# ExpressIT is the First Indian Company to Automate the Delivery Run Sheets Process Using ABBYY FlexiCapture™

## Background

ExpressIT is a Customer Interface Logistics provider based in India. The company offers logistics solutions to the banking, financial services, insurance, telecom, retail and aviation industries. It generates a large volume of paper documents on a day-to-day basis. A large portion of these documents consists of the Delivery Run Sheets (DRS) generated for the deliveries to be carried out daily. Storing and retrieving these documents is an expensive and time consuming task and in the world of logistics time is gold. That is why automation is a key factor in keeping a company in this industry successful.

## About ExpressIT

ExpressIT is the India's customer interface logistics provider focused on the Banking, Financial Services, Insurance, Telecom and Aviation sectors providing world class customer interface process outsourcing solutions and services by leveraging its People Skills, Processes, Technology and Last Mile Reach across India.
