searchable PDF!

Compact and Reliable Complete Your Scan With A Simple Press

Have you ever dreamed of completing all your document-related tasks with the touch of your fingertip? The Avison AV210C2 and AV220C2 can make your dream come true. All you need to do is to place the documents to be scanned in the auto-paper feeder, then press the "Scan" button. With bare minimum amount of time and effort, you can scan an entire document into your computer whenever you need it. The AV210C2 and AV220C2 are built-in with 600 dpi high resolution, professional CCD optical scanning technology, and a large-capacity, maintenance-free auto-paper feeding assembly. With the advantage of a high-speed USB2.0 data interface and other features that cater to your every need, the AV210C2/220C2 is bound to make you outshine your business competitors!

What's more, the AV220C2 possesses the ability to perform duplex scanning in color. Other than its 600 dpi high resolution, cutting-edge CCD optical scanning technology, high-speed USB 2.0 data interface, 50-sheet feeder capacity, and a lightening-fast speed of 35 simplex (single-sided) scans or 70 duplex (double-sided) scans per minute, the Avison also comes with the exclusive software application, the Button Manager. As a custom feature, Button Manager allows you to copy, send e-mail, and perform simplex or duplex scan at the press of a button. There are also a total of 9 sets of button numbers allowing you to set your preferable scan settings or destination applications to make scan as easy as 1-2-3!

What we have bundled

The Avison AV210C2 and AV220C2 scanners come with TWAIN and ISIS drivers and are also bundled with full version of exclusive Avison Button Manager, AVScan, Avison Capture Tool, ScanSoft PaperPort, and Kofax VRS.

Avison's Button Manager Complete your scan in a single step

Avison's state-of-the-art software application, the Button Manager, enable you to complete complex scanning task in just a single step. When the buttoned is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.
