INNOVATIVE IMAGING SOLUTIONS

# CopiBook

**Color & Grey Scale book scanners for A2 landscape bound works**

*Providing the best compromise between resolution, scanning speed, image quality and price, CopiBook is the ideal A2 scanning station.*

*Able to operate under office lighting environment (no embedded lighting) all models of the CopiBook range are free from Ultraviolet & Infrared emissions, which ensures preservation of fragile and rare materials and optimizes operator's comfort.*

*Consisting in a full compact stand-alone scanning station, each model provides various user-friendly settings (automatic format detection, resolution, focus, exposure time, lighting correction, white balance) as well as innovative automatic capture modes (no mouse click, no pedal) and powerful embedded image enhancement algorithms.*

*The CopiBook range of scanners is a proven, mature technology providing a most user-friendly and innovative digitization tool for both professional and non-experimented operators.*

## COMMON TECHNICAL FEATURES

- Stand-alone scanning station
- First true UV & IR free scanner
  - ◆ No embedded lighting
  - ◆ Working conditions: office lighting environment
- Fully automatic settings
  - ◆ Format / resolution / focus / exposure time
  - ◆ Lighting correction
- Includes image enhancement features: Deskew, thresholding, finger masking, curvature correction...
- Multi automatic capture modes
- Front control panel: touchpad + function keys
- VGA output for external display
- 2 USB 2.0 ports: printing, image saving, ...
- High speed image transfer via Giga-Ethernet output (FTP + Microsoft Network)
- Remote control mode via drivers: Twain & API

Self opening embedded glass  
(only with CopiBook BW+ and RGB+ models)
